**COPY MAILED**

SEP 12 2007

**OFFICE OF PETITIONS**

Applicant: Henot et al.  
Appl. No.: 10/561,175  
International Filing Date: June 22, 2004  
Title: EPITOPE COMPOSITION FOR SUBLINGUAL, BUCCAL OR ENTERIC  
ADMINISTRATION PREPARED BY HYDROLYSIS OF ANTIGENIC STRUCTURES WITH  
CHYMOTRYPSIN  
Attorney Docket No.: 2447.0030000/ELE/LMB  
Pub. No.: 2006/0147459 A1  
Pub. Date: July 6, 2006

This is a decision on the request for corrected of patent application publication under  
37 CFR 1.221(b), received on September 6, 2006, for the above-identified application.

The request is granted.

The corrected patent application publication will be published in due course, unless the patent  
issues before the application is republished.

It would greatly benefit the Office if **applicant did not provide copies of papers**, which were  
previously submitted or **complete copies of the publication**, as it unnecessarily increases the  
cost to the Office. See 37 CFR 1.4(b). A request for corrected publication need only point out  
what was printed incorrectly in the application, where the error occurs in the publication and  
where the correct text or drawing is found in the application papers. Marked up relevant copies  
of the applications papers and the pre-grant publication may facilitate processing of the request,  
where it is not readily apparent where the error occurs. If it is not clear why the error is a  
material error, further explanation may be warranted.

Inquiries relating to this matter may be directed to Mark O. Polutta at (703) 272-7709.
